

Japanese Women's Society Foundation

August 19, 2009

Dear Kirsten Fujitani,

As General Chairpersons of the Japanese Women's Society Foundation Fashion Show and 55th Anniversary Celebration, Bernice Hirai and Janice Tashiro, would like to thank you and your committee for doing a most commendable job of planning and organizing one of the most educational, interesting and elegant kimono show possible. The luncheon was just delectable and the center pieces and tables were beautifully coordinated with flowers, gifts and favors.

It was a pleasure for us to have had the opportunity to work with the Fashion Show Committee and the Hakubi group. Lily Nakao and Ritsy Seta were both outstanding in their correspondence and communication with Hakubi Kyoto Kimono School coordinators and production directors Eric Chandler and Takeo Kobayashi. These key people were responsible for the outstanding Fashion Show.

Kirsten, you did an outstanding job of coordinating all of our publicity for the 55th Anniversary Fashion Show. Members and viewers complimented the ads on television. Can't thank you enough for your great work. Please come out and enjoy our other JWSF activities too.

Thank you Ad Hoc Planning Committee members for doing a marvelous job of producing the "Dento - Traditions" booklet. The Dento and Kinengo booklets were well received by the audience. Even the Hakubi group enjoyed our favors.

We thank everyone who gave countless hours of preparation time to implement this successful, memorable event. With appreciation and gratitude,

Bernice Hirai
General Co-Chair
